

IMPROVEMENT CLUB'S DINNER AND BAZAAR

(Continued from page 1)
new opera chairs and a new piano will furnish the music. It will be, without doubt, the event of the season.

Mrs. Lewis is a graduate of the classical department of the State University of Iowa. As leader of her class in literary and debating work she was chosen a member of one of the Greek letter fraternities for special merit in literary work. She is the author of a number of literary stories and articles on current topics for newspapers and magazines. Before coming to the Indian river she held many positions in literary lines, among them being Associated Press reporter of the Iowa state legislature; editorial writer and special work for the Iowa State Leader, at that time the leading Democratic daily of Iowa; city editor of the Des Moines Daily News, the leading afternoon paper of Des Moines. This talented lady is also the author of two college farces which were put on the stage at Iowa City, Ia., by the ladies of the Hesperian Literary society of the State university. She has also done considerable work on librettos for comic operas and has written several short stories.

The Chicago Journal, at the time of putting this farce comedy on, had a special write up of it and it has so much merit that a St. Lucie county audience will be sure to appreciate and enjoy it.

A musical program is being arranged to entertain the audience before the curtain raises for the play. The Fort Pierce orchestra has been engaged to furnish the music, and among the singers will be Mrs. W. R. Hardee, of Jensen, who is one of the most accomplished singers in St. Lucie county, and has highly entertained a number of audiences in Fort Pierce in the past.

After the play the floors will be cleared and the young people given an opportunity to trip the light fantastic. The Fort Pierce band has been engaged to furnish music for the occasion, which is a guarantee that it will be all that is desired. The gentlemen will be charged the moderate sum of 25 cents for the dance.

Come and enjoy a day of celebration such as has never been offered to the people of this section before. Do not bring your lunch baskets, but do not forget your pocketbooks.

The following is the cast of characters:

Mrs. Stuyvesant Van Houten, artist, and president of the Mental Improvement Club.

Miss Rena Fisher
There will be no reserved seats. General admission 25c; children 15c.

Thanksgiving a Hollow Mockery.

Landlord Crooks has blood in his eye and a longing in his heart for vengeance. Someone who evidently was well posted as to the location of the Stetson house poultry pens "lifted" some of the fat, yellow legged pullets therein and absconded with the pride of the poultry yard—a rooster that has broken hen hearts galore. Just what the genial boniface will do to the miscreant who so ruthlessly broke up the "biddies" happy home we dare not state, but a reward of 10 big simoleans will be paid for information leading to the capture and conviction of the thief and the return of his Ward McAllister of chicken society. Needless to say, "dar's a lock on de henhouse do" at present.

Permanent Residents.

Mr. and Mrs. Isham Williams and son, Harney, of Ladoga, Indiana, arrived in town last Friday, and will spend the winter here. They spent a part of last winter here, and were so well pleased that they bought property west of town, and intend to become permanent residents in the near future. Mrs. Williams is a sister of Mrs. M. F. Goldsmith, and they are making their home with Mr. and Mrs. Goldsmith for the present.

Brevard County Court.

The Brevard County court held last week and a part of this, had a larger docket than at any time in several years, although a majority of the cases were of minor importance. Attorney C. T. McCarty, of Fort Pierce, had five cases before the court, two for illegal fishing in Lake Windor and three for fire hunting near Canaveral. He was successful in getting a majority of his clients acquitted. It required nearly two full panels of jurymen to try the cases before the court.

Fire in Crate Mill.

Fire was discovered in the crate mill of the E. W. Bond Company at Lake Helen Friday night at 7:30 o'clock. An alarm was turned in and the fire department of the mill was called out, but the fire had gained such headway that it consumed the head factory, the veneer plant, sawmill, warehouses and contents, also the depot belonging to the Florida East Coast railway.

For Marshal.

Having been nominated by the mass meeting of the qualified voters of Fort Pierce for the office of marshal, I respectfully solicit the votes of the electors of the town at the election to be held December 5th. If elected I shall perform the duties of the office to the best of my ability. Four years as deputy sheriff should fit me to serve the people in an acceptable manner.

NEWS FROM THE SCHOOL

The man who seeks one thing in life, and but one, may hope to achieve it before life be done. —SELECTED.

Vonnie Merriweather entered the Sixth grade Monday.

Edith Tyler has been absent this week on account of sickness.

Edna Gibson has returned from a visit to her grandmother in Miami.

Ralph VanLandingham was a visitor in the High school room Monday.

Bessie Backus, Lois Klopp and Viola Keen have returned to school after illness.

Katie Tucker, of the Sixth grade, grade, left Tuesday for Cocoa, where she will make her future home.

The Fort Pierce Juniors go to Jensen Saturday to play a game of ball with the Jensen Juniors.

Those best in compositions are: Forrest Reed, Harold Lord, Florence Stetson, Pritchard Hart, Josie Faulkner, Roy Hilliard and June Summerlin.

Roy Hilliard is the star pupil in the advanced Fifth grade, Myrtle Edwards star pupil in the second Fifth grade and Blanch Dittmar star pupil in the Fourth grade.

Too many pupils in the intermediate room are tardy, losing one of the most important studies, arithmetic. Will the patrons please try and have them perform duties before school hours, if possible? Pupils fall behind when kept from school.

The good lessons, the improvement in behavior and the interest manifested by pupils in the Second and Third grades give me great pleasure. I would be glad to have patrons whose children are under my care call and see the work of their children and if there is any dissatisfaction I would be only too glad to talk with patrons and find out more about the children; for good work with children can only be done when teachers and parents work together in bringing about the great end sought for, which means so much for the future lives of the little ones.

GENIE HARRIS.

Jensen Will Play Here Thanksgiving.

The Fort Pierce baseball team went down to Jensen yesterday to play a match game with the enterprising team of that place, and came home a wiser if less happy crowd. The score was 4 to 2 in favor of Jensen. Mr. Garrison acted as umpire. The lineup was as follows:

Fort Pierce	Jensen
Verner	P. Hendrix
Penrow	H. Racey
W. Goldsmith	R. Racey
Hopkins	J. Sorenson
J. H. Lloyd	K. Schuyler
Justice	H. Munch
Swaite	Munch
Nicholson	Pasco
R. VanLandingham	E. Margee

The boys have arranged to play two games with the Jensen team on the Fort Pierce diamond during Thanksgiving day. This will be another attraction for our big day.

Longest Freight Train.

The longest freight train ever taken out of Miami was brought out last Tuesday night by Conductor Grant and Engineer Jones. The train was composed of engine No. 31, cab and 56 cars, the combined length of which missed only about 150 feet of being three-fourths of a mile. Among other freight there were two solid cars of Spanish mackerel and one car of grapefruit.

Card of Thanks.

The members of Ruth Chapter, No. 12, Order of the Eastern Star desires to publicly thank the members of the Fort Pierce band for the music furnished at the entertainment last week, and assure them of their appreciation of their efforts.

MRS. M. WHYTE, W. M.
MRS. FRANCES S. CROSS, SECY.

Indian River Baptist Association.

Mrs. Beatrice Middlebrook, Miss Johnnie Van Dittmar and Mrs. W. P. Lassitter left here last evening for West Palm Beach, where they go as delegates from the Fort Pierce Baptist church to the meeting of the Indian River Baptist Association, which will meet with the Baptist church at that place to day, Saturday and Sunday.

Thank You Brother.

The addition of quite a large amount of new printing machinery to the plant of the ST. LUCIE COUNTY TRIBUNE would indicate that the proprietors, Messrs. Wilson and Reed are making a success of their venture. They deserve to, for the TRIBUNE is among the brightest of the State's weeklies. —St. Augustine Record.

St. Lucie's Share.

The State superintendent of public instruction has made the semi-annual apportionment of the onemill school tax fund for the half year ending November 1, 1905, the rate per pupil being 83 cents; St. Lucie county has less pupils than any other county in the State—409—and her apportionment is \$339.47.

Service for Odd Fellows.

Rev. E. E. Woodson will preach a special sermon to Odd Fellows on the first Sunday in December, at 11 a. m., in the Baptist church. All Odd Fellows and the public are cordially invited to attend.

C. C. BOYKIN, Secretary.

For Marshal.

Having been nominated by the qualified voters of Fort Pierce for the office of marshal, I respectfully solicit the votes of the electors of the town at the election to be held December 5th. If elected I shall perform the duties of the office to the best of my ability, and shall ask my friends to report me should I ever be negligent in the discharge thereof.

M. E. Church Conference.

The Florida Conference of the Methodist church will convene in Ocala on December 7th, with Bishop W. A. Chandler, of Georgia officiating. Next Sunday, morning and evening, will be Dr. Tomkies' last services in Fort Pierce for this conference year, and a splendid program of vocal and instrumental music has been arranged. This completes Dr. Tomkies' third year as pastor of the Fort Pierce and Stuart churches, and his numerous friends hope that he will again be returned here for another year, and feel confident that he will be, as an old established rule, allows a pastor four years at one place, and is seldom denied to one who has been satisfactory for three years.
